THE ADITYA BIRLA INTEGRATED SCHOOL

Grade - 1, 2

Activity Based Learning

## English

### 'An Honest Man'

This art and craft depiction was made so that it would make the abstract theme of honesty more concrete. The children coloured the scene of the characters talking and then went on to fill the bags mentioned in the lesson with seeds and gold respectively. They narrated the entire story thereafter using their work as props.

### 'The Boy and the Toffees'

This activity was aimed at recreating the plot of the lesson wherein the boy's hand gets stuck in the toffee jar. Children made chocolate toffee in the microwave which was then transferred to a glass jar. They pretended to get their hand stuck in the jar which was fun role play. They also made a toffee box and pinned it on their boards to remind them of this yummy lesson. In keeping with the "food" theme of the lesson we also learnt how to eat with a knife and fork. This lesson truly filled our minds and tummies!

## THE ADITYA BIRLA INTEGRATED SCHOOL

Grade - 3  
Field Visit

Grade - 2  
Activity Based  
Learning

**ICT**

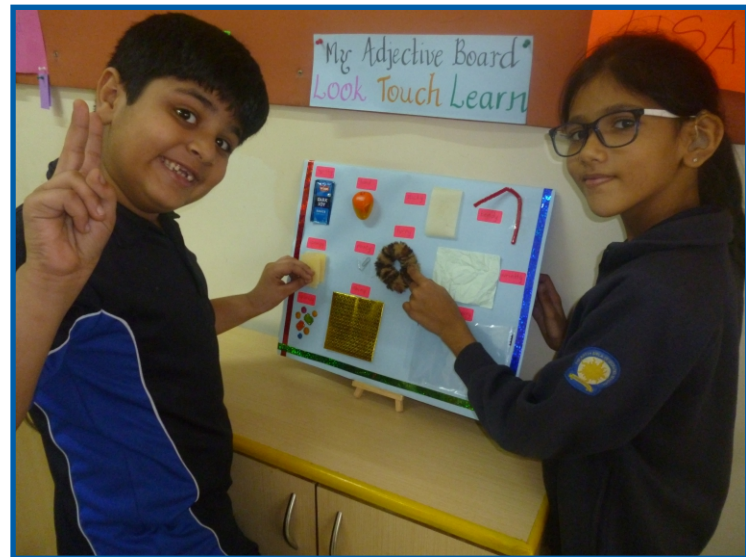

Input - Process - Output Cycle

Students of Grade 3 visited the ATM center of Kotak Mahindra Bank(Fort), where they practiced withdrawing money using debit card. This activity was planned to make them understand the functions of computer i.e. Input-Process-Output cycle.

## English - Grammar

Look and Touch Adjective board  
and Restaurant Menu

This activity was done using different kinds of textures and materials which otherwise would be a difficult topic to understand. Hence, an adjective board displaying various items was made and the children looked and touched them to better understand what they meant and their application. We also made a fun menu for “Tabis Restaurant” wherein the children thought of yummy adjectives to write besides the dishes.

## THE ADITYA BIRLA INTEGRATED SCHOOL

Grade - 1,2, 4

Activity Based Learning

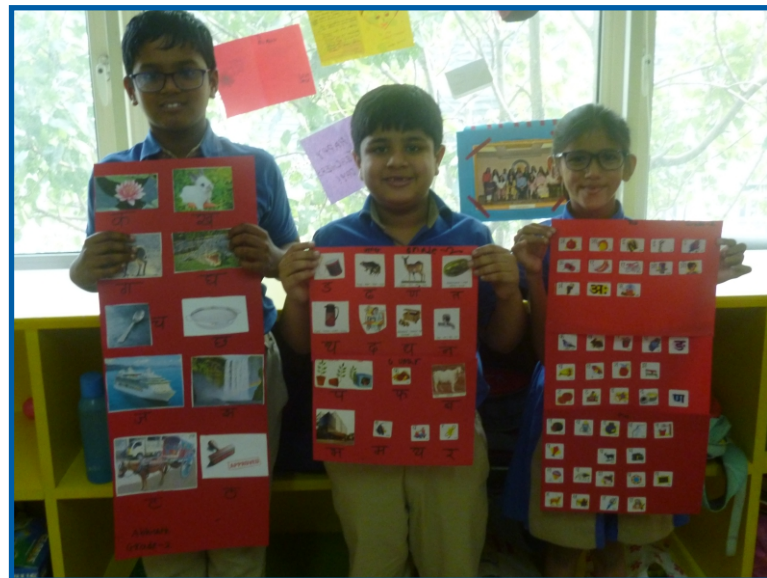

# English

Reduce - Reuse - Recycle

The activity was done to introduce them to the concept of recycling things to help reduce waste. It also attempted to enhance their creativity. The activity used empty tissue rolls, toothbrush and CD and empty tissue rolls were converted into a stationary holder.

# Hindi

## Identify Letters

Students were able to identify the letters with the help of the given pictures.

THE ADITYA BIRLA INTEGRATED SCHOOL

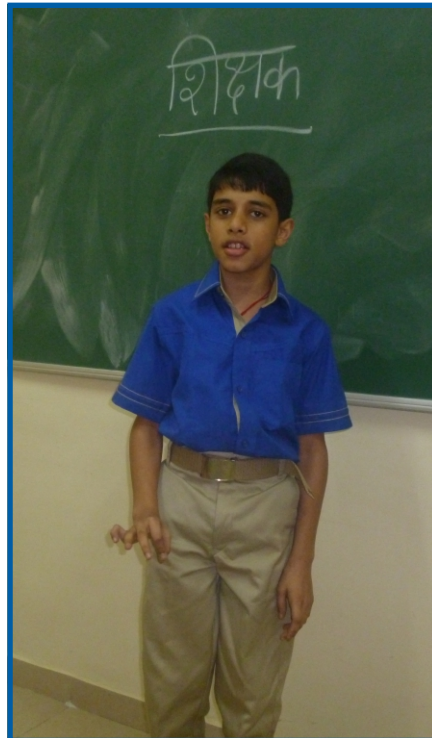

Grade - 3, 4

Activity Based Learning

## Hindi Object Talk

Each child was given the ball and they had to speak 10 lines on the ball in Hindi.

Each child had to speak 10 lines in Hindi about their favourite teacher. They came up with different ideas to express their feelings regarding their teacher and it was a touching experience to listen to them speak.

Professional  
Development

## Occupational Therapy Workshop

Our school follows a multidisciplinary approach in building skills to enhance overall development of the child. The Occupational Therapy Department conducted a workshop for teachers to give detailed information about Autism Spectrum Disorder (ASD) and what are the different classroom strategies to manage students with ASD.
