Profile

Mr. Nasser has been passionate about Real Estate his entire life which triggered him to become a Civil Engineer and has experience of over a decade in the Middle East.

As a Realtor, Nasser provides Strategic Marketing and Transaction Management services to his clients. His business is built on: Dedication, Communication, Determination, & Trust while embodying the ability to cater and adapt to all of his client's Real Estate needs. "Just as the real estate industry evolves to become more innovative and efficient, so do I."

A Middle East resident for over 30 years, his knowledge of the city's geography can assist you with all of your Residential Real

Estate endeavors. In addition, he provides exceptional Real Estate services to ensure you feel confident with your decision to hire him. “Rest assured I will listen to you! With an understanding of your needs & wants, I will do my best to help you achieve them all”.

Education

BE in Civil Engineering – Anna University – Chennai
